## **The World's Greatest Home Lottery 2009 benefiting The Princess Margaret officially launched**

The official launch of the latest Princess Margaret Home Lottery for Cancer Research -- this one called 'The World's Greatest' -- took us to Woodbridge, Ontario (just north of Toronto) on Thursday, February 5. There, at the curve of Grand Vellore Crescent, sat two remarkable showcase homes. Both, valued at more than \$2.5 million, are spectacular -- impeccably constructed by Greenpark Homes, professionally decorated by Jack Celli (the Interior Design Director for Greenpark), fully furnished and immaculately landscaped. The showhome at 149 Grand Vellore Crescent is 5,212 square feet; the showpiece at 157 Grand Vellore is 6,226 square feet. And if it's your ticket drawn for either of these extraordinary prizes in The Princess Margaret Home Lottery, there will be a 2009 BMW 323i Sedan, worth \$44,000, sitting in the driveway waiting for you!

There are 33,033 prizes in all, giving ticketholders a 1 in 10 chance of winning from a cache of prizes that also includes 4 OTHER houses, a sensational cottage, cars, cash, trips.... No WONDER they call this lottery 'The World's Greatest!'
